WATER RIGHTS  
CEDAR CITY  
CEDAR

Dear Gerald

In reply to your letter about the Alvey Wash Water System.

I am very unhappy about the way this water system is handled. I am protesting the Commissioners action. I don't think we need him, & if we have another one I want somebody else. It is my belief the water was meter checked, so I don't think we need him.

Yours truly  
Gerald Bailey

The attached letter is in response to the notice sent out on the Alvey Wash Distribution system. McKay Bailey likes to bark a lot but I believe that we should proceed as planned. The water commissioner, Melvin Alvey, is an honest fellow and wouldn't cheat.....
